

## **Mr. Shinji Usami**

### **Vice President of Toyota Motor Manufacturing Poland Sp. z o.o.**

- For 20 years since the beginning of his career at Toyota Motor Corporation in 1989, Mr. Usami had been in charge of engine production technology in the Kamigo factory in Aichi prefecture, one of 11 Toyota Motor's engine production factories in Japan. He also conducted instruction in the Toyota Production System and provided support for it.
- He was in charge of the support for the engine production technology in Toyota Motor Manufacturing Kentucky (TMMK) - car body and engine production base for North America. He was also in charge of manufacturing of hybrid axle (a unit to effectively transmit power from the engine to the wheel) in the company headquarters.
- Since 2019 he has been Vice President in charge of engine and other component production in Toyota Motor Manufacturing Poland (TMMP).
